

Contents of volume 2

Large Information Systems

Alimov D. V. <i>The realization technology of multicomponent support for mechanism in medical information systems of complex patient care institutions</i>	<i>3</i>
Alimov D. V., Guliev Ya. I., Komarov S. I. <i>Medical information system of Clinical Hospital, Federal State Organization</i>	<i>13</i>
Alimov D. V., Guliev Ya. I., Komarov S. I., Lebedev A. V., Pfaf V. F. <i>Management information system of Central Clinical Hospital No 1 of Open Joint Stock Company Russian Railways</i>	<i>27</i>
Bazarkin A. N. <i>Research and developing temporal data model in MIS Interin PROMIS subsystem</i>	<i>37</i>
Bazarkin A. N., Kchatkevich Yu. I. <i>Economy of medical treatment in MIS Interin PROMIS</i>	<i>55</i>
Belyshev D. V., Guliev Ya. I. <i>Usage of Barcodes Technology in Hospital Information Systems</i>	<i>71</i>
Kulikov D. E., Belyshev D. V. <i>The facilities of data extraction, analysis and visualization in the medical informational system Interin</i>	<i>97</i>
Belyshev D. V., Kazakov I. F., Magsumov D. R. <i>Interin DOC — a desktop healthcare information system</i>	<i>107</i>
Khatkevich M. I. Guliev Ya. I., Gorbunov P. A., Miheev A. E., Nazarenko G. I. <i>Medical institutions network of Bank of Russia automation</i>	<i>121</i>
Gulieva I. F., Ryumina E. V. <i>Costs and profits: the analysis of the ratio for medical information systems</i>	<i>133</i>
Guliev Ya. I. <i>Programs Systems Institute of Russian Academy of Science researches and developments in medical information technologies area</i>	<i>145</i>
Guliev A. Y. <i>Future trends of laboratory information management systems and laboratory instruments integration mechanisms</i>	<i>165</i>

Guliev Ya. I., Vogt I. A., Vogt O. A., Belyakin A. Ju.	
<i>Healthcare Information System and Information Safety. Problems and solutions</i>	175
Tolchenov A. A., Zubov D. V., Sergeeva A. V.	
<i>Effective method for measuring of cellulolytic activity</i>	207
Kazakov I. F., Magsumov D. R.	
<i>Experience of construction of regional medical information system of additional medicinal maintenance</i>	217
Kozadoy Yu. V.	
<i>Integration solutions generalization for the healthcare information system Interin PROMIS</i>	227
Kulikov D. E.	
<i>The facilities, methods and manners for data visualization in the medical information system Interin</i>	241
Pogosov A. O.	
<i>The analysis of integrated platforms and architectures for medical common information zone organization</i>	259
Magsumov D. R.	
<i>Application of portal technologies for development of regional medical information systems</i>	277
<i>Author index</i>	289
<i>Author index (in Russian)</i>	295
